 Time: **Anytime**

The **FUTUREKIDS** Birthday Party consists of an hour and a half of computer-assisted fun, along with a half-hour reserved for food and/or cake. All parties must end sharp by scheduled time. *Drop-off by parents is preferred.*

Activities:

☺ **Round Robin Computers**

Each computer station in the Futurekids' lab is loaded with dozens of software titles to entice your children to create and play. In addition, they are free to access the contents of our children's software library, consisting of hundreds of additional titles to stimulate them with stories, activities, gaming, and adventures. The lab is equipped with digital cameras, scanners and color printers, so that children may experiment with many aspects of technology (*All computers are networked and internet-ready for older children interested in networking their games.*)

☺ **Ask about Team Playing**

Aside from round robin computer fun, we can create a team activity for the children to participate in like "Make the Silliest Picture of the Birthday Child." Ask your Futurekids Party organizer for details.
