JOEL B. WOLOWELSKY, Ph.D.
Dean of the Faculty

March 24, 2007

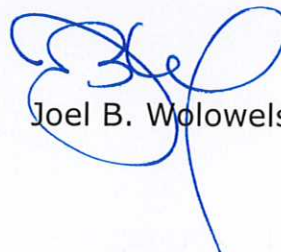

To Whom It May Concern:

FUTUREKIDS has provided extensive enrichment services to the Joel Braverman High School with its digital community outreach oral history program recently conducted at the Ave Z Jewish Center. It included a digital and on-site exhibit celebrating the achievements of its 80-years-and-beyond community leaders. FUTUREKIDS also helped in efforts to secure a newly equipped lab for its high school division, fostering enrichment through professional development and internet research.

On the elementary level, FUTUREKIDS has provided a museum within the school enrichment program using digital technology, graphics, internet research, multimedia PowerPoint and desktop publishing.

Flatbush appreciates FUTUREKIDS' enrichment activities and looks forward to expanding its curricula using these enrichments!

Sincerely,

Joel B. Wolowelsky
