To Whom it May concern:

Please accept this letter in reference to FutureKids work with Martin Luther High School. During this past spring, we participated in staff development activities with this organization. The various sessions dealt with the integration of technology into the curriculum. This excellent program was offered to many of our staff members.

The leadership of this program has worked collaboratively with myself in order to meet the needs of our staff members. They made the necessary adjustments to make the provided activities useful. The materials used were of high quality and the instructors were knowledgeable and communicated effectively with their students.

I can provide strong positive feedback about the program that we were involved in. The relationship between Futurekids and Martin Luther High School was a very positive one.

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth Crowe".
